Our Coat of Arms Explained

The St. Michael's coat of arms reflects our history and traditions. The design of the shield is based upon that of Bishop de Charbonnel, who founded the College in 1852. The three star-like objects are spurs, and the crescent indicates that one of his ancestors took part in the Crusades: these symbols remind us that as Christians we must constantly urge ourselves to greater endeavours, and always be prepared to seek and defend the truth. The tongues of fire around the edge of the shield allude to St. Basil, known as "The Pillar of Fire" for his learning and charity. The supporters (which are heraldic recognition of our status as a university) are an eagle, taken from the arms of Hon. John Elmsley, who gave land to the College, and a lion with a cross in its paw, the crest of Sir William Mulock, who helped bring about our federation with the University of Toronto. The supporters stand upon a grassy hillock representing Clover Hill, our first location. Three Greek words of the motto stand for goodness and the development of mind and body, the privilege and responsibility of dedicated students. The acorns on the eagle's wing allude to the University of Toronto. The winged sword in the crest has long been used by us as a symbol of St. Michael Archangel.

PRESIDENT

I hope that this yearbook, for those who take it with them, will be above all else, a symbol of happy memories and fond associations, of friendships, studies, of worship and games, and of a host of small events, unplanned and unforeseen, that give colour and personality to undergraduate life.

For me, it provides an opportunity to thank all who have contributed to the life of St. Michael's in so many ways for their generous spirit and valued support. We rightly cherish our traditions of community, the essential foundation for all that we plan for the future. May the associations recalled by this book be a part of you always for the benefit of many others, as you remain faithful members of the St. Michael's family. All good wishes and God's blessing be with you.

Father James McConica C.S.B.
President of St. Michael's College

PRINCIPAL

Dear Class of '90:

To build or not to build, that is no longer a question. What to build and what to do with the money from the Bay Street "endowment" of St. Michael's is still under discussion within our community. One thing however, is certain. The resulting changes at St. Michael's will go towards improving the quality of the undergraduate educational experience. Included will be more academic support for our distinctive college programmes, new appointments in university departments, new facilities enabling commuting students to share more fully in the athletic and social life of St. Michael's.

Lest you think that your timing was wrong and that you're being short-changed in leaving before these improvements, reflect on the history of this venerable institution of which you will shortly be alumni members. Many of the facilities and many of the distinctive academic offerings you enjoyed have been added over the years, a good portion of which were contributed by former students for *your* use and enjoyment. Your membership in the Alumni Association will enable you to continue that tradition. Congratulations, on successfully achieving your first university degree.

W. B. Dunphy
Principal

ALUMNI

This *Windrose* is not unlike the poet Keats's "Grecian Urn" upon whose sides the sculptor's art had preserved from the effects of time moments of youth and joy. The art of those who have produced this book has captured scenes from an important, indeed for many a sacred, time in your lives — a time of youth, of challenge, of growth and, we hope, of joy. It chronicles spiritual, academic, social, athletic and other events in which you participated or which you supported and observed. In future years you will, we hope, look upon this *Windrose* and affectionately relive those good times and events; may they grow ever better in memory! You will remember through these pages people who were, and, please God, then still will be special in your lives. It is the hope of the alumni of St. Michael's that when you take and read this book in times to come it will be a source of nourishment to you, as St. Michael's itself has been. May this year book be not just a "remembrance of times gone" but a refreshing reminder of all that has made you what you that day will have become. May it always evoke in you feelings of pride and gratitude. Stay in touch with St. Michael's; it has yet much more to offer you in the years ahead.

A yearbook is a collection of memories; it acts as a window to the past. Each of us will become or have been involved in many parts of the university.

Newman's concept of acquiring an education was not merely the gaining of factual knowledge, "the passive reception of scraps and details," but rather the gaining of knowledge impregnated by thought, appropriated and made a personal possession and habit — learning for its own sake, its own enjoyment and reward; not even useful knowledge in the sense of making students better morally or religiously, directly, and only the cultivation of a healthy intellect. The perfecting of the human intellect is the raison d'etre of university education in its essence or "bare idea".

As a community we have all grown — we have learned success and failure; experienced happiness and sorrow. While at St. Michael's we are challenged — academically, socially, and spiritually. We learn much because much is expected of us all.

We (Steven and Christine) wish you all the greatest of success and happiness. May you look back through these pages of history satisfied of the choices you've made and hopeful for a bright and peaceful future.

CHRISTIANITY & CULTURE

ST. JOHN SCHOLARS

VISION STATEMENT

To achieve a greater fulfillment of their duties of conscience as individuals to themselves and towards the various groups to which they belong, men and women have to be carefully educated to a higher degree of culture through the employment of the immense resources available today to the human race. Above all, we must undertake the training of youth from all social backgrounds if we are to produce the kind of men and women so desperately needed by our own age — men and women not only of high culture but of great personality as well.

S.M.C. Athletics Directors 1989-1990.

Smc athletics

The crack of dawn: so begins another day of sports for the women of St. Mike's. This year our fall line-up proceeded to the playoffs in every sport, only to be disappointed. Once again "B" soccer gained a rightful place in the championship round, but unfortunately did not meet with victory. But their spirit remained high, especially thanks to the many spectators who witnessed their efforts.

Winter sports found players bogged down with essays and tight schedules, but volleyball, basketball, hockey, and waterpolo players enjoyed as many games as they could. Special congratulations to the women's waterpolo team who defaulted twice from the league. Special mention must also go to the women's "B" volleyball team who rose from the basement only to be disappointed in the finals! The quality and enthusiasm of their playing was both unexpected and inspirational.

We would like to thank all those who participated, especially Jen Forbes, Maura McLaughlin and Rita Samson for all their help and enthusiasm. And a special thanks to all the coaches for their spirit and dedication without which our teams would not excel. May the tradition of S.M.C. Athletics remain successful and strong by their efforts and ours.

Anne Marie Meehan
Lisa Schrenk

In the fall, St. Mike's participated in football, soccer and rugby. The Hardballs captured the Division III intramural soccer title. Although all teams qualified for the playoffs, no other was able to emerge victorious. In the winter, there were teams participating in basketball, hockey, squash and volleyball. All were successful but none won a title. The Masterskaters reached the finals of the Division III hockey and also captured the coveted Hockey Schmockey Championship, thrashing the C-men six-nothing along the way. All participants should be commended. Thanks for a great year.
